Toramove starts matching service for truck owners and users

Toramove starts matching service for truck owners and users
D.T.C. Enterprise Group, a Thailand’s leading provider of GPS & IoT solutions for automobile, recently held a press conference introducing matching service between the transportation companies and the companies needs transporter with Yazaki Energy Systems Corporation and Tr@Box Corporation Company Limited. The joint venture will create profit to truck owners and reducing cost to the companies needs transporter as well as enhancing the efficiency of fuel consumption.
Seen Mr. Thotspol Kunapermsiri (center), DTC Enterprise Chief Executive Officer, jointly introduced TRAMOVE service in Thailand with Mr. Ko Yazaki (2nd left), President Representative Director of Yazaki Energy Systems Corporation, and Mr. Taiichiro Yoshioka (2nd right), Tr@box President, at the press conference.
