Halloween is celebrated annually in a number of countries on 31 October, when people traditionally remember the dead. Many myths and stories surround the night, when the portal between the living and the dead is said to be at its weakest.

This year, Aqua Bar will be transformed into a haunting venue decorated around the theme of horror movies. Snack on witchy treats from our devilish menu and sip frightful concoctions such as “Black Dahlia”, and “Insidious” to “Blood Omen”.
