

Anantara Donates Over THB 1.5 Million to the Princess Sirindhorn Craniofacial Center at Chulalongkorn Hospital

Anantara Donates Over THB 1.5 Million to the Princess Sirindhorn Craniofacial Center at Chulalongkorn Hospital

Bangkok, March 16th, 2020: Anantara Hotels, Resorts and Spas recently presented a cheque for over THB 1.5 million to the Princess Sirindhorn Craniofacial Center at King Chulalongkorn Memorial Hospital as part of the hotel chain's on-going CSR campaign – Dollars for Deeds.

Honouring HRH Princess Maha Chakri Sirindhorn – The Princess Sirindhorn Craniofacial Center, located in the King Chulalongkorn Memorial Hospital under the Thai Red Cross Society and the Faculty of Medicine, is the first and largest center for craniofacial problems and operations in Southeast Asia. A dedicated team of doctors and medical staff treat patients, specifically young children, with a range of problems relating to the head, eyes, nose, mouth, brain and the face. The Center also provides mobile clinics to country areas for those families who are not fortunate enough to afford travel and medical treatment in the capital.

Anantara's Dollars for Deeds program, invites guests to donate THB 30 for each night of their stay with the hotels matching their donation to help raise funds for a wide range of worthy causes. The ongoing program has so far raised a total of almost THB 11 Million for the Center.
