

Anantara Layan Phuket Resort opens Age - a restaurant that delivers quality through time.

A CULINARY CELEBRATION OF THE MOMENTS THAT MATTER

Anantara Layan Phuket Resort opens Age – a restaurant that delivers quality through time.

Phuket, January 2020: Phuket's top luxury resort is about to become even more exclusive. With the opening of Age, Anantara Layan Phuket aspires to accommodate the best grill restaurant in Phuket, if not Thailand. Serving up dishes both proven and experimental, Age is nothing short of a gastronomic sanctuary guarded by the hands of time.

Age takes you on a culinary journey along the most exquisite meats and the finest locally caught seafood, paired with the very best wines from around the world. To dine here is to commemorate life's defining moments. And as every era and milestone has its own unique tastes, a night out at Age is catered entirely to your wishes. Hand pick from the finest cuts of meat. Choose from one of sixty premium vintage and new world wines or entrust our award-winning sommelier to tailor your selection.

If it's a view of the spectacular Phuket sunset sinking into the Andaman Sea that you're after, you're more than welcome to take a seat on the Age terrace boasting panoramic scenery and sample our extensive menu of classic and contemporary craft cocktails made from the most astonishing mix of ingredients.

The boldness of Age's cuisine is matched only by its interior. Dominated by dark woods, rusted steel and raw leather, its industrial look is more akin to a warehouse restaurant on New York's Lower East Side than a tropical island location.

Situated on Phuket's serene northwest coast and surrounded by national park forest, Anantara Layan Phuket Resort features 30 guest rooms and suites and 47 one- and two-bedroom pool villas. In

this luxurious hideaway, both resort guests and day visitors can enjoy the timeless taste of authentic quality.
