

Anantara Mai Khao named among Top Spa Hotels by Smart Travel Asia

Anantara Mai Khao Phuket Villas is proud to announce being named among the Top 25 Spa Hotels in Asia by SmartTravelAsia.com's 2018 Best in Travel Poll. This recognition reaffirms Anantara Mai Khao's successful dedication to delivering the highest quality spa experience.

Since 2004, SmartTravelAsia.com's Best in Travel Poll has independently canvassed readers to discover the best in Asian travel, both business and leisure. Without any sponsorships or nomination fees, this impartial poll reaches travellers from around the world, a savvy audience who individually claimed over 12 air trips a year with an average household annual income of over US\$150,000. "We are so very happy with this continued recognition for our Anantara Spa," said Nikolaus Priesnitz General Manager of Anantara Mai Khao. "Anantara Spa embraces its Thai heritage, offering island-inspired treatments, which visitors continue to confirm that they love."

With six exclusive couples' suites, complete with private en-suite shower and bathroom facilities, visitors can indulge in therapies from Asia's renowned wellness cultures, from Thai massage to Ayurvedic rituals, along with modern western techniques. The serenity created within the spa continues to a view of the surrounding tropical lagoon.
