Avani+ Samui Resort Treats Couples to a New Island Castaway Experience

Koh Samui, 22 July 2020: Couples travelling to Koh Samui can now channel their inner Chuck Noland for the day with the ultimate beach castaway experience when staying at Avani+ Samui Resort's private pool villa (www.avanihotels.com/samui).

Situated on the sunset side of Koh Samui, surrounded by palm trees and directly on the beach, the resort is a hideaway perfect for couples. The new day trip experience includes everything from a bottle of bubbly to a private boat and just simply drift away. The island-hopping activity is designed for couples to experience a perfect day away from it all, enjoying clear waters to snorkel and indulging in a romantic picnic set up on a deserted beach.

Guests will abscond from the resort on an upgraded traditional Thai long-tail boat, custom painted to bring on the holiday mood and providing the perfect Instagrammable backdrop. Guests can choose between a visit to Koh Mudsum or Koh Tan island where a picnic basket will be unpacked to reveal chilled bubbly and healthy plant-based meals served in environmentally friendly and reusable packaging. Beach bean bags, shade and rugs will all be awaiting so guests can sit back and enjoy the stunning island vistas. To document those sun-kissed hours on the island and carefree underwater frolics, a complimentary GoPro camera will be on hand for the guests to use during the experience or even selfie with the island's resident pigs. Complete the castaway with a refreshing spa treatment at AvaniSpa for two guests upon return.

The new Samui beach castaway day package starts from THB 7,000 for two, which includes:

• One-time private trip to Koh Mudsum or Koh Tan for two guests on the resort's brand new long-tail boat.
• A plant-based picnic and a bottle of sparkling wine.
• One-time 60-minute spa treatment at AvaniSpa for two guests upon return.
• Lovers looking to enhance their evening can opt to add-on of romantic sunset barbecue dinner on the beach for two guests, for an additional of THB 3,000.
