Centara announces reopening of Centara Villas Phuket with enticing rates and a Private Villas Escape offer

Centara Hotels & Resorts, Thailand's leading hotel operator, announces the reopening of Centara Villas Phuket on Saturday, 1 August 2020, offering domestic travellers a tempting choice for their next beach getaway.

Overlooking Karon Bay on Phuket's sunset coast, the romantic villa hideaway is an intimate oasis nestled within its own tropical gardens. The Thai-style villas feature spacious terraces and offer couples and small groups the opportunity to reconnect with their loved ones in absolute privacy, and enjoy in-villa dining experiences overlooking the Andaman Sea.

For the ultimate luxury escape, some villas offer the choice of either a private pool or Jacuzzi. The all-villa resort also features a swimming pool, two restaurants, bars and a tranquil Spa Cenvaree.

To celebrate its reopening, Centara Villas Phuket is offering reopening rates from THB 1,640++ per night including daily breakfast for two.

Guests can also enhance their stay with a Stay Happy and Healthy wellness promotion including daily breakfast, 60-minute massage for two, a sleep enhancement kit, and in-room workout amenities.

Guests who wish to unwind in the space and seclusion of their own private villa can book the Centara Private Villa Escape for stays until 31 March 2021 with free modification and cancellation at any time. The offer includes half-board dining, so guests can enjoy daily breakfast and dinner at the resort's The Cliff or Bayview restaurants or in the comfort of their villa. Rates start at THB 7,300 net, and members of CentaraThe1 benefit from an additional 20% discount.

Guests at all Centara hotels and resorts can rest assured that their safety is the group’s highest priority. Centara Complete Care is a certified health and hygiene programme which was developed in close collaboration with Ecolab, a global leader in water and hygiene technologies, and Swiss multinational firm SGS, the expert in quality verification and certifications.
