

Chatrium Residence Sathon Bangkok wins esteemed Booking.com and Hotels.com awards

Chatrium Hotels & Residences is extremely proud to announce that Chatrium Residence Sathon Bangkok has recently received two prestigious awards; the 'Loved by Guests' Award 2018 from Hotels.com and a Guest Review Award for 2018 from Booking.com.

Hotels.com is one of the largest and most trusted hotel booking platforms in the world and has 85 websites in 34 different languages, and lists over 325,000 hotels in 19,000 locations. Their awards are based on authentic verified guest reviews and are only granted to the very best hotels around the globe which continually deliver exceptional levels of guest service. This year, more than 2,700 top-quality hotels from 94 countries were chosen as the most exceptional in the world, based on over 20 million genuine reviews submitted by guests.

Equally as respected is Booking.com, one of the world's premier hotel booking platforms with over 1.5 million room nights booked every day, who present a highly-regarded Guest Review Award to the most popular and admired hotels internationally based on independent guests' reviews which achieve a minimum average review score of 8.5 (out of 10). According to Booking.com themselves, winning a Guest Review Award is a marvelous achievement and they state that delivering such an incredible experience to guests is the result of dedication, passion and a lot of hard work.

Commenting on achieving the awards, Mr. Doeke Bonga, the General Manager of Chatrium Residence Sathon Bangkok, said, "I am absolutely delighted and flattered to win such esteemed awards and must thank my extraordinary staff for all their hard work. I would also like to thank all our fantastic guests for their amazing support. This award proves that we are achieving our goal to enable all our guests to Feel The Remarkable when they stay with us".
