Disney Explorers Lodge, Hong Kong’s New Exotic Getaway, Set to Open its Doors

Exotic adventures beckon at the new Disney Explorers Lodge, Hong Kong Disneyland Resort’s third hotel, slated to open on April 30.

The seven-storey Disney Explorers Lodge has 750 hotel rooms, each featuring an open sea view or a landscape view of one of the four lush themed gardens that exemplify the cultures of Asia, South America, Africa and Oceania. These gardens are all named after characters from beloved Disney and Disney•Pixar animated films.

• Kevin Garden, which has a South American theme, is named after the giant bird in “Up”
• The Little Squirt Garden of Oceania celebrates the playful sea turtle from “Finding Nemo.”
• Hathi Jr. Garden is named after the baby elephant from “The Jungle Book,” set in Asia
• Rafiki Garden, which has an African Savannah theme, is named after the wise mandrill from “The Lion King”

Disney Explorers Lodge is not only a fantastic getaway for Disney guests, it’s also a one-of-a-kind hotel experience for those visiting the cosmopolitan city of Hong Kong. Reservations are now available, with various special offers for guests. For more information, please visit www.hongkongdisneyland.com or www.discoverhongkong.com
