

FUN IS ON THE MENU AT HOLIDAY INN PATTAYA WITH NEW HOLIDAY INN® KIDS MENU

PATTAYA, Thailand - 24 December 2015 - Holiday Inn Pattaya is excited to introduce the newly-developed Kids Menu at Café G and East Coast Kitchen.

InterContinental Hotels Group (IHG®) has partnered with Nutrition Australia to launch a new Holiday Inn Hotels & Resorts Kids' Menu, available not only at Holiday Inn Pattaya but across the Asia, Middle East and Africa (AMEA) region. Featuring flavourful and playfully-presented dishes to appeal to the small ones' big imaginations, the new menu has been created with nutrition at the heart, so parents can rest assured knowing their kids are being fed well.

The new menu has been developed in partnership with Nutrition Australia, a non-profit organisation inspiring healthy eating through nutrition education, information and advisory services. Menus are based on a criteria developed by Nutrition Australia Victorian Divisions' Accredited Practising Dietitians, to ensure that all the Kids' Menu dishes are nutritionally-balanced.

Some of the menu criteria included ensuring that all meals contain a nutritious balance of foods from the core food groups; are low in saturated fats, added sugar and salt; promote food variety; and reflect current standards and dietary guidelines. All meals will provide a balance of vegetables, meat and wholegrain foods plus fruit or dairy where relevant, offering a variety of colours, flavours and textures to educate and encourage kids to enjoy healthy eating.

Some of the new dishes on offer at Holiday Inn Pattaya include: Lamb Skewers, DIY Falafels, Chicken Ramen and Custard Cups.

Kate Gerits, Area General Manager - Holiday Inn Express, Bangkok and General Manager, Holiday Inn Pattaya, said:
