# FutureTales Lab by MQDC Releases First Photos as Futurology Center by Top Developer Prepares to Welcome Visitors

20 July 2020, Bangkok – FutureTales Lab by MQDC has released the first images of the futurology center under Magnolia Quality Development Corporation Limited (MQDC), dedicated to studying future trends and gathering data on coming changes in various fields, detecting and interpreting signals to predict developments in areas such as living conditions and prepare effective responses to ensure a good future for humanity.

The FutureTales Lab will house an interactive exhibition with 9 stations: 1. Earth Pulse, tracking changes in the world in the sea, air, land, ice, and life; 2. Bangkok Next Tales, studying from the past to the present and beyond to explore Bangkok's future; 3. Future City Vision, learning from 6 'smart cities' around the world; 4. Journey of Waste, fun activities to learn about waste sorting and disposal; 5. Future Mobility, finding solutions to transport challenges by exploring different approaches; 6. Create Your City, applying fresh insights to plan a perfect metropolis; 7. Future Habitat, investigating radical new styles of home and living; 8. Your Urbanite, finding your perfect place in the city of the future though psychological analysis; 9. Space Exploration, stepping into humankind's future on other worlds.

FutureTales Lab by MQDC's research team is led by Dr. Karndee Leopairote, the center's Chief Advisor. Researchers with specialist expertise focus on areas including Future of Living, Technology & Robotics, Space Exploration, and many more.

FutureTales Lab by MQDC is on the 8th floor of True Digital Park, Bangkok. Please contact the center if you would like to arrange a visit. For more information, go to www.futuretaleslab.com or Facebook: FutureTales Lab by MQDC.
