

Gyproc announces extension of submission deadline for ‘Saint-Gobain Gyproc National Trophy awards 2017’ to October 20, 2017

Thai Gypsum Products Public Company Limited, the first gypsum manufacturer in Thailand and innovator of the leading brand “Gyproc” announced that the entry deadline for submissions to the international competition ‘Saint-Gobain Gyproc National Trophy awards 2017’ will be extended until 20 October 2017. The extension will accommodate a greater number of entries this year and open more opportunities for contractors, owners and architects to present outstanding and beautiful designs, as well as express the architectural value of Thai stakeholders to attract global acclaim. ‘Saint-Gobain Gyproc National Trophy awards 2017’ is one of the construction industry’s standout award programs that celebrates craftsmanship and skills in traditional plastering and modern plasterboard systems, and is designed to recognize the contribution contractors make to the construction industry.

Richard Juggery, Managing Director, Thai Gypsum Products Public Company Limited, said, “Gyproc extended the submission deadline of this competition in order to offer greater opportunity for applicants who may have only recently discovered this great chance to compete on the world stage. Entrants can propose their building or renovation project to demonstrate their exceptional performance and innovation through their work, using Gyproc products to create unique styles and ideas throughout their project. This is a prestigious trophy event that gives our customers a chance to be ‘the Thai representative’ to compete on the international stage at the Saint-Gobain Gyproc International Trophy in Lisbon, Portugal.”

‘Saint-Gobain Gyproc National Trophy awards 2017’ awards this year are divided into four categories: 1) Plasterboard 2) Plaster 3) Innovation & Sustainability 4) Non-Residential. The winner in each of the four categories will go on to compete against finalists from across the world in the 11th Saint-Gobain Gypsum International Trophy (to be hosted in Lisbon on 23rd March, 2018), in which contractors from over 45 countries will compete, and also enjoy an opportunity to travel to Europe.
