International school.

Here we are at the start of RST`s third year and we`re feeling very excited about what lies ahead! As we welcome more than 650 pupils for 2019/20, we will also be unveiling new buildings and more world-class facilities to accommodate these bright young sparks.

So, as we embark on another rich and varied year at RST, we`d like to thank staff, parents and pupils in advance for the support and passion you bring to the school community. It`s the people that make the place (although the `place` is fairly awesome too).
