International school.

Here we are at the start of RST's third year and we're feeling very excited about what lies ahead! As we welcome more than 650 pupils for 2019/20, we will also be unveiling new buildings and more world-class facilities to accommodate these bright young sparks.

So, as we embark on another rich and varied year at RST, we'd like to thank staff, parents and pupils in advance for the support and passion you bring to the school community. It's the people that make the place (although the 'place' is fairly awesome too).
