

International Women's day 2018

At the occasion of International Women's day, Hotel Baraquda Pattaya Mgallery by Sofitel had some special activities planned for all the ladies that day. Upon check in for our female guests, we prepared an exclusive Inspired by her Cocktail and Cookies corner. Courtesy of our amazing French pastry chef, we created a unique Inspired by her amenity set, which was placed in rooms much to the delight of our in house guests.

Other than that, we had a lunch event at Sea restaurant, where we invited Pattaya's top female influencers, Le Club guests and senior level managers to thank them for their contributions and loyalty. We had a special surprise in store for them. The CGM, Mr. Jagan Lacsher, along with senior level male managers, put on their chef hats and aprons, and prepared, cooked, and served Thai food to our beautiful ladies. From making some dishes live as per their taste, to servicing and catering them on the table; we made sure the ladies had a great time and were well looked after with our hospitality!
