

Lelawadee Restaurant Launches New Menu and Chocolate Bar at Mövenpick Hotel Sukhumvit 15 Bangkok

Lelawadee, Mövenpick Hotel Sukhumvit 15 Bangkok, set around a central garden that overlooks a waterfall, surrounded by plants and large bay windows, relaxing eatery offers a wide choice of both Western and Eastern cuisines. Now, Lelawadee goes even further, with the launch of a new eclectic menu and unique Chocolate Bar menu.

The new Lelawadee menu features authentic Thai classics, as well as its wide array of Western favorites. Add to this, Lelawadee's new range of Mediterranean cuisine with standouts like hummus, Mixed Grill, Beef Kebab as just part of an exciting cosmopolitan dining adventure.

In addition, Lelawadee is also launching a one of a kind unwise Chocolate Bar, where master mixologists create chocolate cocktails and mocktails, paying homage to Mövenpick's Swiss roots as a purveyor of chocolate excellence. In this new bar experience, guests can choose their level of "darkness", ranging from 70%, 80% and 90% of the highest grade find Swiss chocolate. The drink menu features some creative cocktails and mocktails, both hot and cold, with standouts such as the Choco Castro, highly recommended for the guys comprised of Hennessy V.S.O.P, Bailey's Irish Cream, 90% Swiss chocolate, rum and cream; or for the ladies, how about a Brody, made with white chocolate vodka, Bailey's, strawberry sauce, and cream.

These sweet drinks can take the place of dessert or else be part of a fun-filled bar and nightcap experience post-dinner. you wont' find daring drinks and such an inclusive international menu at any other establishment in Bangkok, and all come with the Mövenpick's longstanding guarantee for quality along with top notch service. Come experience Lelawadee's exciting new offerings now!
