

Mövenpick Hotel Sukhumvit 15 Bangkok invites guests to get involved in World Environment Day activities

Thailand, Bangkok, 30 May 2018: Mövenpick Hotel Sukhumvit 15 Bangkok is inviting its guests to join its effort to mark World Environment Day on June 5.

It is one of many Mövenpick's Hotels & Resorts properties across Africa, Asia, Europe and the Middle East planning activities in support of the United Nations initiative, which encourages worldwide awareness and action for the protection of the environment.

Established in 1974, World Environment Day is celebrated in more than 100 countries and is widely regarded as the people's day for doing something to take care of the Earth.

This year's theme is 'Beat Plastic Pollution' - a call to action to combat one of today's greatest environmental challenges, with plastic pollution posing a significant threat to natural places, wildlife and human health.

Mövenpick Hotel Sukhumvit 15 Bangkok aims to raise awareness of this and other major environmental issues by organising two activities that offering small bags of paddy seed (Thai rice) to our in house guest and inviting guests and colleagues grow plants at rooftop area.

Mövenpick Hotels & Resorts is the world's most Green Globe certified hotel company and its World Environment Day initiatives at Mövenpick Hotel Sukhumvit 15 Bangkok and many other properties globally are an extension of its Corporate Social Responsibility programme SHINE.

For more details about the event and a full list of participating hotels, visit www.movenpick.com/worldenvironmentday
