

#RediscoverSamui with Avani+ Samui Resort as Thailand's Famous Island Welcomes Back International Travellers

#RediscoverSamui with Avani+ Samui Resort as Thailand's Famous Island Welcomes Back International Travellers

As the island of Samui is getting ready to reopen to international tourists on the 15th July, Avani+ Samui Resort (www.avanihotels.com/samui) is introducing its “#RediscoverSamui” holiday package, just in time for the summer holidays.

Thanks to the ‘Samui Plus Model’ travel scheme announced by the Thai Government, fully-vaccinated international travellers staying at certified SHA+ (Safety and Health Administration) and official ‘Samui Extra Plus’ hotels will now be able to enjoy Koh Samui’s rejuvenated beaches and bays that are looking more pristine than ever.

The new package from Avani+ Samui Resort, which is both SHA+ and ‘Samui Extra Plus’ certified and has vaccinated all employees, combines full board accommodation, seamless airport transfers, in-room RT-PCR tests carried out by medical staff and complimentary on-property activities.

On the day of the arrival, following the first RT-PCR test, guests will be asked to remain in the room to recharge their batteries after the flight and indulge with comfy beds or order a variety of in-room dining with choices from wellness to Thai food or even gourmet menus. Guests looking for extra space and a private pool can upgrade their stay to a beachfront villa.

Following the negative test results, travellers are free to roam in the resort on the second day and enjoy open-air activities, such as floating yoga, guided meditation, kayaking or SUP (stand-up paddleboard) yoga. Guests can explore sealed tourist locations on day four, such as a trip to Tamlang Beach at Mu Koh Angthong National Marine Park.

After day seven, holidaymakers are free to travel anywhere on the island, move to another resort or go to Koh Phangan or Koh Tao islands, which are also part of the 'Samui Plus Model' travel scheme. Avani's sister properties — Anantara Bophut Koh Samui Resort (www.anantara.com/en/bophut-koh-samui/offers/7-nights-in-sha-safe-style) the prestigious Anantara Lawana Koh Samui Resort (www.anantara.com/en/lawana-koh-samui/offers/7-nights-in-sha-safe-style) and the all-villa Anantara Rasananda Koh Phangan Resort (www.anantara.com/en/rasananda-koh-phangan/offers/7-nights-in-sha-safe-style), are some of the accommodation options for guests to consider.

There's also Samui's most Instagrammable SEEN Beach Club (www.seenbeachclubsamui.com) that is worth a day trip, offering epic pool parties and gourmet experiences.

Starting from THB 51,000 per person for 8 days/7 nights, the #RediscoverSamui package includes:

- Accommodation with full-board in Deluxe Room, private pool villa, beachfront private pool villa or beachfront two-bedroom private pool villa;
- Three RT-PCR tests managed by a medical professional from a partner hospital, as appointed by the Thai Ministry of Public Health;
- Transport from Samui international airport and to the next destination within Koh Samui;
- Additional guests sharing the same accommodation will be subject to an additional THB 31,000 per adult and THB 24,000 per children between 6 to 11 years old;
- All pricing is inclusive of government tax and service charges.

Avani+ Samui Resort has also implemented a highly acclaimed enhanced hygiene and safety programme, AvaniSHIELD, which carries rigorous sanitation procedures and social distancing measures to ensure guest safety.
