

Refurbishments underway at Novotel Phuket Resort

In readiness for the 2016/17 high season, the Novotel Phuket Resort is proud to announce that refurbishments and extensive redecorations to our luxury property are underway and will be completed by November 2016.

Aimed at the entire tourist market, the new look Novotel Phuket Resort will continue to offer world class hospitality as it has for the past 20 years, but now with a more modern and unique identity.

Located within a lush tropical setting in Kalim Bay on the west coast of Phuket, this exclusive property, with its stunning Thai architecture and extensive grounds, has increased its room types from six to eight, now with the addition of Family Suites and Deluxe Pool Access rooms.

All rooms have undergone complete redecoration, feel brighter and airier than ever before, and returning guests will be amazed at how much of a transformation this work has achieved. And of course they will still feature touches including their modern Thai style, day bed and full range of amenities our guests have become accustomed to.

The new look Novotel Phuket Resort still offers the full range of world class facilities; restaurants, bars, three swimming pools and spa are still of the high standard that comes with such a well regarded global brand.

Novotel Phuket Resort has invested a vast sum in bringing our property in line with what disconcerting travellers require in today's day and age, but our high standard of hospitality will remain as it always has and will still offer the best value for money for such a world class hospitality venue, something which Novotel Phuket Resort has prided itself upon since its inception two decades ago.

The main aim of the Novotel Phuket Resort has and will always be to ensure our guest's stays are memorable, and with such an ideal location, superb views of the Andaman Sea and sunsets which some have only dreamed of.

The Novotel Phuket Resort, where anyone can enjoy life's simple pleasures.
