Centara Grand & Bangkok Convention Centre at CentralWorld is proud to announce that it has been awarded ISO 22000 Certification - an internationally-recognized mark of quality for food safety management from AJA Registrars.

Not only are we the second hotel in Thailand to be awarded with such certification, but also the first ever hotel in the Centara Hotels & Resorts group, too!

Developed by the International Organization for Standardization, ISO 22000 accreditation ensures that an organization's food handling and distribution measures meet a specific set of criteria to ensure optimum safety, hygiene and eliminate any potential risks of hazardous contamination.

We would like to take this opportunity to thank all of our hardworking staff across all of the hotel and convention centre's numerous dining and hospitality venues who have contributed to this esteemed certification.
