

The JST Group receives ISO9001:2015 certification. Effective on July 1st, 2020.

JST continues to demonstrate its commitment of continuously improving standards of quality management for further future growth.

The JST Group has expanded the existing ISO9001 certification in the Sattahip Warehouse Rental Space and Production Facility to also include our Bangkok Head Office and Songkhla branch.

“Receiving this certification is a great achievement milestone in the development of our company. We aim to provide high-quality products and services to an extensive client base. We recognise that delivering consistent product and service quality ensures a high degree of client satisfaction, repeat business, and continued growth.” Derek Stamp, Chief Operating Officer, expresses his view and commitment to Quality Management.
