The start of ZTE 5G Summit 2017 in Bangkok at Radisson Blu Bangkok Hotel

The start of ZTE 5G Summit 2017 in Bangkok at Radisson Blu Bangkok Hotel

ZTE 5G Summit 2017 will be held in Bangkok on Nov 3rd. In this event, ZTE will share its end-to-end 5G solutions including a full range of AAU products covering all high and low frequencies , 5G Flexhaul and Cloud UniCore. In the exhibition area, ZTE will take the audience to the 5G test field in form of video streaming that demonstrated its 5G continuous networking capability and per-UE peak rate of up to 2 Gbps. It also exhibits Flexhaul, 5G fronthaul/backhaul solution based on IP + optical and demonstrates the world’s first commercial-grade telecom DevOps platform. In vertical industry application of 5G, ZTE will showcase an NB-IoT-based commercial parking system, what else are on exhibition include smart water, electricity, gas meters, ZTE NB-IoT chips and NB-IoT modules.
