True Group Organizes the first ICT Talent Operational Workshop 2019

True Corporation Plc, one of the CONNEXT ED Project founders, organized the first operational ICT Talent Workshop 2019 and the certificate presentation ceremony. On this occasion, Mr. Siripoj Kunakornphan (standing 4th from left), Group President (Co), True Corporation Plc, joined the event to inspire and express appreciation to 200 ICT Talents from 66 provinces, forging ahead their mission in working at Pracharat Schools. In addition, Mr. Siripoj Kunakornphan presented certificates to ICT leaders who achieved last year's excellent and good performance. Dr. Naetchanok Wipatasinlapin, Director of Education and Academic Affairs, True Corporation Plc, also witnessed the ceremony and congratulated the winners. The ICT Talent Platform is regarded as one of the success in creating a "Good Person Model", leveraging ICT Talent to "ICT Lecturer for Education" for Pracharat Schools. Other founding CONNEXT ED members are also interested in this platform to bring ICT Talent to work at their responsible schools.

The operational workshop aims to hone skills and enhance knowledge to the ICT Talents so that they can be ready in driving teachers and students in the Pracharat Schools to utilize the digital technology, which is regarded as one of the important tools in supporting education of students. Through the four-day workshop, all ICT Talents were provided with knowledge by experts, including working as a team, education in the digital era, computing science as well as getting to know their own coaches. Moreover, all the workshop attendees took this opportunity to share their ideas and experience, which are useful for them in planning their mission in working with Pracharat Schools successfully.
