True Group Secures ISO 14001 : 2015 Certification, Stepping to Become Green Organization of Sustainability Development

True Group Secures ISO 14001 : 2015 Certification, Stepping to Become Green Organization of Sustainability Development

True Corporation Plc, led by Dr. Teerapon Tanomsakyut (3rd from left), Chief Innovation and Sustainability Officer, together with the management and staff are presented with the ISO 14001 : 2015 certification for its successful environmental management system by SGS (Thailand) Company Limited, led by Mr. Jirote Na Nakorn (4th from right), SGS's Managing Director. The certification proves that True Corporation Plc meets the global standards in operating businesses with strong awareness of environmental impacts. In addition, the company is able to manage its resources effectively via projects such as energy and water saving as well as waste demolition. This remarkable certification reflects True Group's potential and intention to become a green organization with sustainable development.
