

Wildlife Conservation on World Environment Day by Amari Pattaya

Recently at Banglamung Wildlife Breeding Center, the management of Amari Pattaya led by Kamonpetch Thawornwiriyanan, CSR conductor (front row, right), and team members organised a special activity on World Environment Day. The team was warmly received by Pharsee Saenpot, assistant head of the breeding centre (front row, left), as they fed the animals and cleaned the enclosure, to raise awareness, protect the environment and conserve natural resources. The team members were very happy to have been part of this great experience.
